

**REMARKS**

Claims 1-14 and 16-23 are pending in the application.

Please amend Claims 1, 2, 4, 7, 9, 12, 16, 19, and 22 as set forth herein. Please cancel Claim 10, without prejudice. No new matter has been added.

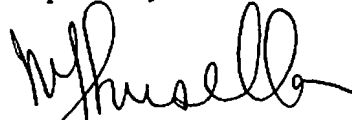

In the Office Action, each of the pending Claims 1-14 and 16-23 were rejected under 35 U.S.C. §102(e) as being anticipated by U.S. Patent No. 6,675,085 to Straub.

Each of independent Claims 1, 9 and 16 relate to an apparatus or method that outputs a warning for data based on the current travel speed, the warning data, the current weather information and warning weather conditions corresponding to the warning data. That is, each of the claims bases its warning alarm at least partly on the current weather conditions.

Independent Claims 1, 9 and 16 are believed to be in condition for allowance. Without conceding the patentability per se of dependent Claims 2-8, 10-14 and 17-23, these are likewise believed to be allowable by virtue of their dependence on their respective amended independent claims. Accordingly, reconsideration and withdrawal of the rejections of dependent Claims 2-8, 10-14 and 17-23 is respectfully requested.

Accordingly, all of the claims pending in the Application, namely, Claims 1-9, 11-14 and 16-23 are believed to be in condition for allowance. Should the Examiner believe that a telephone conference or personal interview would facilitate resolution of any remaining matters, the Examiner may contact Applicant's attorney at the number given below.

Respectfully submitted,
